The international SUMMER SCHOOL organizers

We are very honored to invite you to participate at the 2018 Edition of the *International Summer School "DISCOVER REALITY with GEOMATICS"*, an event initiated by the *Faculty of Land Reclamation and Environmental Engineering* from University of Agronomic Sciences and Veterinary Medicine of Bucharest and the *Faculty of Geology and Geophysics* from University of Bucharest in 2013. Starting with 2018, the *University of Agricultural Sciences and Veterinary Medicine Cluj-Napoca* also joined us in organizing this event. This event will be held between **12th and 20th September 2019** at the **University of Agronomic Sciences and Veterinary Medicine of Bucharest, Romania**.

Scientific program of the international Summer School

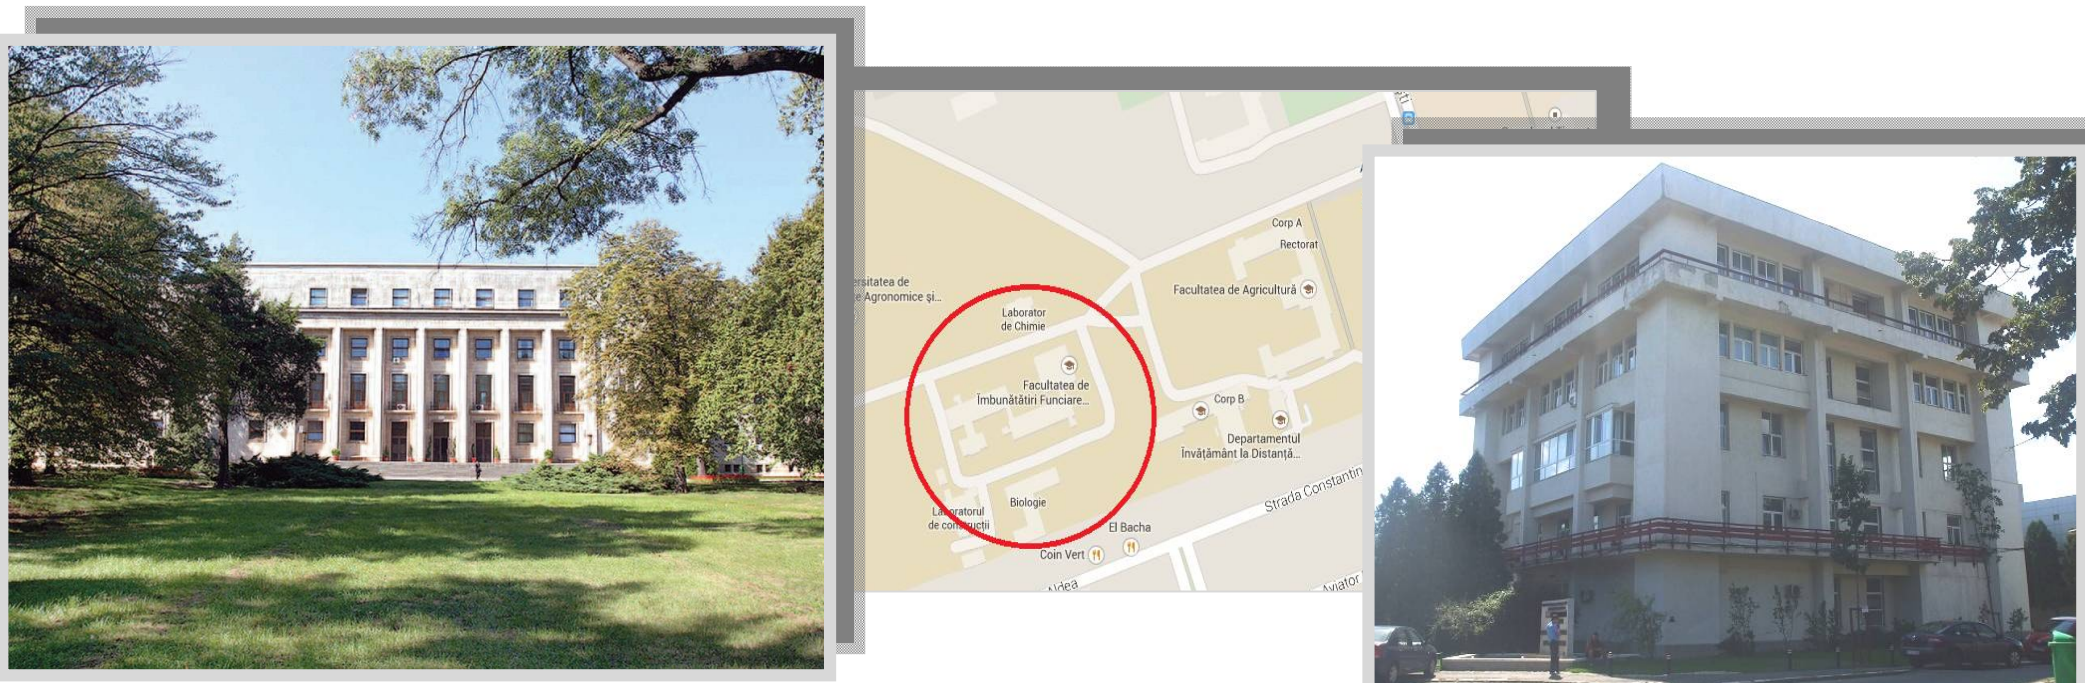

The objective of this event is to establish cooperation between teachers, researchers, experts and students, from Romania and foreign countries, while offering a unique insight into the most recent research and developments in geomatics.

The program will cover a vast range of topics regarding the use of geomatic tools (GIS, GNSS, GPR, UAV, Remote sensing, Surveying, Cadastre, LIDAR, etc.) to discover reality.

Summer School outline

The Summer School activities will take place at the **University of Agronomic Sciences and Veterinary Medicine of Bucharest, Romania**, *Faculty of Land Reclamation and Environmental Engineering*, Romania.
