

INTERNATIONAL FEDERATION OF SURVEYORS

FIG 45th GENERAL ASSEMBLY

Sunday 4 September – online
Sunday 11 September and Thursday 15 September, Warsaw, Poland
(with online broadcast)

INTRODUCTION

Welcome to this 45th FIG General Assembly, partly online, and primarily in Warsaw, Poland.

In 2021 the entire General Assembly had to be online. It worked, and it was possible to carry through the General Assembly. But the online version was held because it was not possible to meet in person. In the future, the main focus will be on the onsite meeting.

2021 was also the first year experiencing online voting. We used the system SimplyVoting and it worked satisfactorily. Due to the remaining uncertainty of travelling from some areas FIG Council has decided also in 2022 to continue online voting.

The General Assembly 2022 will be a mixed General Assembly. The first session will be only online and will take place one week before the Congress starts. There will be two on-site sessions during the Congress days and both sessions will be with live broadcast.

The programme is as follows (time is shown in Central European Summer Time CEST):

ROLL CALL AND REGISTRATION FOR VOTING

All members are encouraged to participate in the General Assembly (as well as all other interested). Each member is encouraged to appoint an official representative. With the appointment of an official representative, FIG considers the respective member as being “present” at the General Assembly.

Eligible to vote are member associations (MA) in good standing. The official representative will be the person who will receive the emails with the links to votings and who will cast the votes on behalf of the association.

Please note that only *member associations* in good standing will be able to vote at the General Assembly. This means that the association does not have unpaid arrears from 2021 or earlier. FIG Office will send out reminders to all members in arrears. If you are in doubt whether your association has unpaid, please contact FIG Office at FIG@fig.net. Payment of arrears must be received before **31 August 2022** in order for the member association to register and to be included in the first voting on general matters. Later payments will be considered as not received in due time.

For the two other elections (two vice presidents and president) it is possible to pay onsite the latest on Sunday 11 September before the General Assembly starts in order to be included in the elections.

All member associations are asked to appoint their official delegate the latest on **25 August 2022**. This will be done through this google form <https://forms.gle/VUCLEbzs5qDt7ysU6>

If you cannot access the google form, please contact FIG-Director Louise Friis-Hansen to receive the form directly (in .doc format) LFH@fig.net

REGISTRATION

Session 1: Online session on 4 September

For the **online session on 4 September** we will use a special online system (for this session only) called Evenea, and all who want to attend must register separately to this session.

This is the link to the registration and to access this session: <https://live.evenea.com/262-365-403>

Sessions 2 and 3: Onsite in Warsaw, Poland with broadcast

The onsite sessions will take place in Warsaw Poland, at Doubletree by Hilton Conference Centre. We encourage you to attend in person. Register here for the full congress: <https://fig.net/fig2022/registration.htm>

If you will not be able to attend in person it will be possible to follow the sessions online. The sessions will also be recorded and made available afterwards.

If you have already registered for the congress with online attendance you will also have access to these sessions. If not, you can [register for online attendance for the full conference here](#)

In case you ONLY want to attend the General Assembly sessions and NOT the full congress, [please register here](#)

Time Zone

The challenge of a global event with online attendance will be the different time zones. Since the on-site Congress will take place in Poland, this time zone, CEST (Central European Summer Time) will be used in general.

VOTING AND ADOPTION OF AGENDA ITEMS

Voting will be online and will take place in different rounds. Official delegates who attend onsite in Warsaw will also vote online. Please make sure that you have access to your email. For each voting round an email is sent to the official delegate from SimplyVoting.com with instructions on how to logon. For those associations with more than one vote, separate emails for each vote will be sent.

We will be using the online voting system Simply Voting (<https://www.simplyvoting.com/>) which is the same system as in 2021. In order to make sure that each member association can vote (due to the different time zones and eventually instable internet connection) we will give you sufficient time to cast your vote. When a voting ends FIG Director and the appointed tellers, will get a certified report from Simply Voting with the result. In case a delegate is not able to access the system the tellers can confidentially assist with the cast of vote.

All member associations will be asked to appoint an official representative for the voting. Submission of the official representative must be done here: <https://forms.gle/VUCLEbzs5qDt7ysU6>

Please note: It is important that we get a valid email address for the official representative. The links to the voting sheets will be sent to the email address that you provide to us, and only to this one email address. You cannot enter more than one email address.

Members who have two or three votes will receive two or three emails – please note it is possible to vote separately in each of the voting sheets.

Three different voting processes

The official representative from each member in good standing will receive emails coming from simplyvoting.com with a link to the voting sheet. The system ensures that it is not possible to see how the votes are cast.

There will be three voting processes:

1. All general agenda items
2. Election for the two Vice President posts
3. Election for the post of President

Process 1: All general agenda items

The voting sheet for all other items will include the following topics:

- Adoption of the president's report
- Adoption of the audited financial reports from 2021, the written financial reports and the budgets 2022-2025
- Adoption of the motions of agenda items that do not require voting
- Adoption of the chair elects to become chairs for commissions 1-10
- Adoption of the proposal that Council will be given the power to decide on the destination for the FIG Working Week 2028 because it is the 150th anniversary of FIG
- Adoption of the report from the Engagement committees and that FIG Council will elaborate on the recommendations

This voting will take place over 3 days	Start: Sunday 4 September 16:00 (4PM) CEST End: Wednesday 7 September 10:00 (10AM) CEST
--	--

Process 2: Election of two Vice Presidents for the term 2023-2026

Two Vice Presidents must be elected. There are four candidates.

This means that at least two voting rounds are needed and can be up to four voting rounds. According to the statutes:

Election of the first Vice President:

IF: one candidate gets 50% or more votes in the first round this candidate is elected. Election continues to the election of the 2nd candidate between the two candidates who received the most votes in the first round.

IF: no candidate gets 50% of the votes there will be a new round of voting for 1st candidate between the two candidates with the most votes.

Election of the second Vice President will be done between the remaining three candidates:

IF: one candidate gets 50% or more votes in the first round this candidate is elected. Election continues to the election of the 2nd candidate between the two candidates who received the most votes in the first round.

IF: no candidate gets 50% of the votes there will be a new round of voting for 1st candidate between the two candidates with the most votes.

First voting round	Start: Sunday 11 September 18:00 CEST End: Monday 12 September 14:00 CEST
Second voting round *	Start: Monday 12 September 16:00 CEST End: Tuesday 13 September 12:00 CEST
Third voting round **	Start: Tuesday 13 September 14:00 CEST, End: Wednesday 14 September 10:00 CEST
Fourth voting round***	Start: Wednesday 14 September 12:00 CEST End: Thursday 15 September 8:00 CEST

20 hours per round

* with EITHER 2nd round for the 1st candidate OR first round for the second candidate among the three remaining candidates.

** with EITHER first round for the second candidate among the three remaining candidates, OR 2nd round for the 2nd candidate among the two candidates with the most votes

*** if needed

The appointed delegates from each member association eligible to vote will receive an email from www.simplyvoting.com with a link to the voting sheet when each of the voting rounds starts, and one reminder if no vote has been cast after 10 hours.

Process 3: Election for President

There are three candidates for the position for President. This means that there will either be one or two rounds of voting. The voting will be started **on Tuesday 13 September at 18:00 CEST** to give the president candidates some time in Warsaw before the voting begins.

IF: one candidate gets 50% or more votes in the first round this candidate is elected.

IF: no candidate gets 50% of the votes in the first round there will be a new round of voting between the two candidates with the most votes.

First voting round	Start: Tuesday 13 September 18:00 (6PM) CEST End: Wednesday 14 September 12:00 (NOON) CEST
Second voting round *	Start: Wednesday 14 September 14:00 (2PM) CEST End: Thursday 15 September 8:00 (AM)CEST
18 hours per round * IF needed: 2nd round with the two candidates who got most votes	

The appointed delegates from each member association eligible to vote will receive an email from www.simplyvoting.com with a link to the voting sheet when the voting starts, and one reminder.

Please note: once your vote has been cast/submitted, you cannot undo or change it.

For each new round of voting, all official appointed member association representatives will receive an email.

The voting system is generating anonymous replies which means that no-one can see who has voted what. Further, no-one can see the result until the voting round has been finalised. A reminder will be sent at a certain time before deadline from the system to those who have not voted. All this is done automatically.

The voting sheets will be prepared by FIG-Office and two appointed tellers will apart from FIG Director have access to the SimplyVoting system.

Security, Reliability and Transparency of the Electronic Voting

It is important to note that nobody within FIG including the two tellers will have access to details of the cast votes. The voting itself runs fully automatic and is under the external control of *Simply Voting Inc., 5160 Decarie Boulevard Suite 502, Montreal, QC H3X 2H9, Canada.* For more information please. visit the website www.simplyvoting.com.

The voting system allows the tellers to see *who* has cast a vote and *when* this has been done, but they cannot see any details on *what* each delegate has voted, nor can they see any results until the voting is finalised and a report has been created by SimplyVoting. Once the voting is over the overall result will be published by the system.

12. SUBSCRIPTION RATES FOR 2024

The General Assembly has to set levels of fees for member associations two years in advance of the year in which they become payable. Fees are payable in respect of each individual member up to a maximum of 5,500 members. Membership fees have been discussed as part of the finance report, **appendix to item 11**.

The 2021 General Assembly approved membership fees for 2023 as follows:

Year	Per capita fee	Minimum fee	Maximum fee
2023	€4.80 per member up to a maximum of 5,500 members Member associations from countries listed by the World Bank as low-income economies or lower-middle-income economies shall pay €2.40 per member up to a maximum of 5,500 members.	25 members or €50 (whichever is greater)	5,500 members (€26,400)

The World Bank lists of the low-income economies and the lower-middle-income economies are available at: <http://data.worldbank.org/about/country-classifications/country-and-lending-groups>

The General Assembly decided in 2017 to increase subscription fees with 8% for 2019 after subscription fees have been kept at the same level for the years 2012-2018. This level has been kept in the following years. FIG Council has discussed the fees in the light of the current inflation. Even though this will affect the budget Council suggest keeping this same rate for 2024.

It must be noted that in 2021 FIG Council granted a 20% reduction of fee to all members due to the difficulties during the Covid19 Pandemic.

Year	Per capita fee	Minimum fee	Maximum fee

18. FIG WORKING WEEK 2028

2028 is a special year as it is the 150th anniversary of FIG. Already in 2019 the two French associations OGE and AFT expressed their interest at the presidents meeting to host the FIG Working Week in 2028. The two associations have already done a quite extensive work to prepare a bidding material.

On one hand, Council wants to respect the power and constitutional role of the General Assembly. On the other hand, Council supports the idea of celebrating our 150th anniversary in Paris with the Working Week 2028. Paris is the natural and obvious place because FIG was founded 150 years ago exactly there.

With this background, FIG Council would like to see the Working Week 2028 taking place in Paris but will be open for discussion and listen whether GA is supporting this idea or if there are any objections or concerns.
